

First Nanofabrication Workshop and Reception

Tuesday, November 22, 2011
14:15 – 16:00

Aud G1. Building 1532-116

Time	Program
14:15	<i>Welcome</i> , by Flemming Besenbacher
14:20	<i>Nanofabrication Facility at Aarhus University</i> , by Anpan Han
14:40	Science in our facility: <i>Efficient thin-film solar cells by plasmonic nanostructures</i> Britta Johansen, Thorbjørn Villesen, Christian Uhrenfeldt, and Arne Nylandsted Larsen <i>Graphene based devices and nanomechanical properties</i> Qiang Li, Anpan Han, and Mingdong Dong <i>Nanoplasmonics and nanostructured biointerfaces based on fabrication by colloidal lithography</i> , Duncan Sutherland et al.
15:10	Poster Session and Reception with cheese, wine, and beer. Posters will cover new instruments and science.

Everyone is welcome.
